Curriculum Progression Through Charanga

Year 1

National curriculum statement	Musical Strand	Charanga Objectives	Learning Overview	Outcomes
listen with concentration and understanding to a range of high-quality live and recorded music	Listen and Appraise	The children will listen to a variety of musical styles from different times, traditions and composers. Learn to recognise instruments and basic style indicators. Encourage discussions using musical language.	<ul style="list-style-type: none"> The children will begin to recognise very basic style indicators and start to recognise different instruments. Have fun finding the pulse together and start to understand what pulse is/does/means etc. Start to use correct musical language during discussion and when describing feelings. They will begin to recognise the sound of the musical instruments used. Basic musical structure. The purpose of the song and context within history. How music makes them feel. About the dimensions of music and how they fit into music: pulse - a steady beat, simple rhythm patterns, pitch, texture, tempo, dynamics. They will start to use correct musical language and describe how the music makes them feel through safe and respectful discussion. 	<ul style="list-style-type: none"> Start to recognise/identify very simple style indicators and different instruments used. March, clap, tap your knees, move to find and internalise the pulse. Begin to understand what it means to find the pulse. Start using basic musical language to describe the music you are listening to and your feelings towards it. Begin to listen, with respect, to other people's ideas and feelings towards the music you have listened to. Discuss simple dimensions of music (pulse, rhythm, pitch, and perhaps tempo and dynamics) and how they fit into the music you are listening to.
	Musical Activities	Games: Begin to understand how pulse, rhythm and pitch work together to create music through Warm-up Games and Flexible Games.	Within the context of the song being learnt, the children will begin to embed the foundations of the dimensions of music (pulse, rhythm and pitch) by playing Warm-up Games: <ul style="list-style-type: none"> Have fun finding the pulse together. Copy back simple rhythms, clapping. Copy back simple rhythms related to animals, food etc. Rhythm copy back - It's Your Turn! Create your own simple rhythms. Pitch copy back including vocal warm-ups. Using voices and related to the song you are learning. 	<ul style="list-style-type: none"> Begin to find and internalise the pulse on their own or with support. Try to or demonstrate more confidently how they find/feel the pulse. Begin to demonstrate how pulse, rhythm and pitch work together – copy a simple rhythm over the pulse and sing back over the Games Track in time. Clap the rhythm of your name, favourite food, favourite colour etc. Begin to understand how pulse, rhythm and pitch and perhaps dynamics and tempo work together and are sprinkled through songs/music.
use their voices expressively and creatively by singing songs and speaking chants and rhymes		Singing: Start to sing songs/raps together in a group/ensemble.	Sing within a limited pitch range and begin to understand: <ul style="list-style-type: none"> The importance of working together in an ensemble or as part of a group. How important it is and why we warm up our voices. How to join in and stop as appropriate - learn how to follow a leader/conductor. How melody and words should be interpreted. How to sing with good diction. How to perform with a good sense of pulse and rhythm. 	<ul style="list-style-type: none"> Begin to understand working together as part of a group and with their friends, gradually developing the confidence to sing alone . Begin to understand the importance of warming up their voices and to establish a good singing position. Start to consider that words mean something and how they work together with the music. Sing with a good sense of the pulse internally and try to sing together with the group. Stop and start as appropriate, begin to follow a leader/conductor.
